

Assisting, Australian Business Credit, to give **Rent Roll Loans & Trail Book Loans** with **Salesforce**

Key Objectives:

- Existing solution (Monday.com) was far from a comprehensive solution needed by a FinTech firm.
- Difficulties for the Sales and Underwriting Teams to reference customer information and any terms that were offered during previous customer interactions.
- Reducing loan processing times with less manual interventions.
- There was an urgent need to enhance CX with the business and drive higher conversion from Lead Generation activities.
- Automating business processes for loan assessment, credit reporting, & lead-assignments.

Australian
Business
Credit

The company provides loans to businesses against their trailing income which is the income generated out of recurring business activity.

Success Story – Business Loans

Solutions Highlights:

- > Developed an intelligent application interface that enables customers to apply for Rent Roll or Trail Book loans with ease and convenience.
- > CRM Integration with Experian to fetch In-Depth Trading History Report and an easy to understand UI in Salesforce for the loan assessors to view all relevant data and take necessary actions for underwriting loan.
- > Created an algorithm to score all loan applications using information from financial data for lead prioritization.
- > Integrated Salesforce with Loan management system for effective loan servicing and management.

Value Delivered:

- > Assessors were able to quickly underwrite loans using the assessor tool within Salesforce.
- > A single screen user interface helped assessors view and use data easily and effectively portfolio health.
- > Using the automated process of analyzing thousands of data points, application assessment was enabled in a matter of seconds
