

Building scalable and intelligent **business operations** with **Salesforce** for **# 1 Home Buyer**

Key Objectives:

- Migrate the existing Aura-based franchise portal to a modern LWR (Lightning Web Runtime) framework
- Integrate intelligent document processing using Google Gemini AI
- Enable role-based access for Development Agents, vendors, and franchise staff
- Improve lead management, opportunity tracking, and financial automation
- Enable intelligent property analysis, audits, and exception handling
- Enhance marketing automation and campaign analytics using Marketing Cloud

HomeVestors of America, known as We Buy Ugly Houses®, is the largest U.S. homebuyer. With over 1,100 franchises across 47 states, it empowers real estate investors to buy, renovate, and sell or lease difficult-to-move homes. HomeVestors supports franchisees with essential tools for their operations.

Solutions Highlights:

- Rebuilt franchise portal with Salesforce LWR + Experience Cloud, boosting performance and scalability.
- Developed core modules: Opportunity Management, Payments, Vendor/Knowledge Base, and Role-Based Learning.
- Implemented Salesforce + Tableau Dashboards.
- Integrated Google Gemini AI for data extraction, survey summarization, and renovation analysis from images.
- Deployed Marketing Cloud for personalized customer journeys and campaign insights.
- Integrated key tools: Twilio, Google Maps, Smarty, and Flowcode.

Value Delivered:

- Improved portal performance by **50%** post LWR migration
- Enabled AI-powered document processing, reducing manual effort by **70%**
- Boosted franchisee productivity through tailored lead routing and Seller Stage Wizards
- Increased marketing ROI by **40%** through behavior-driven journey flows
- Automated key processes like fee creation, opportunity audits, and address validation
- Provided real-time business insights via Tableau CRM dashboards across franchises
